

Black Eye Gallery proudly presents

AFRIKA THE WILD

By Ken & Michelle Dyball

Nov 14 - Dec 3, 2017

Afrika the Wild is the debut exhibition from photographers Ken and Michelle Dyball.

The images have been selected from a vast archive of work shot over a ten year period, whilst the couple resided in Africa. Unlike most professional 'visiting' image makers of Africa, the Dyball's subjects are in the wild not in captivity. The couples knowledge and connection to the land is apparent through these unique and unrepeatabe images.

The Dyball's work has been recognized internationally winning multiple awards, which include 'Nature's Best African Photography Awards' and 'BBC Wildlife Photographer of the year'. The couple will also be the subject of a future publication by the prestigious *Natural History Museum* in London, who not only acknowledge the beauty of their work but of its ethological importance.

Ken and Michelle Dyball both grew up in Port Macquarie on the north coast of New South Wales. A love of Nature, adventure, photography and curiosity, drew them together in a partnership lasting more than 30 years and still going strong.

Afrika The Wild will tour Australian cities prior to showing in the US, Europe and Asia in 2018-20.

'We are very fortunate to stage this debut exhibition by Ken &Michelle. It's a great opportunity for Australian collectors and art lovers to be the first to acquire these limited edition prints before their exposure on the international market'

Black Eye Director/artist *Tom Evangelidis*

Both Ken And Michelle will in attendance at the gallery from 1-2pm Saturday Nov 18.
