GALLERY FOR CONTEMPORARY PHOTOGRAPHY

2016

SoonHoe is a Melbourne based contemporary artist using photography as a medium of artistic expression. He uses both film and digital formats. His emphasis is on in-camera techniques to create artwork that is less like a conventional photograph and more akin to a sketch or painting. In 2015, he exhibited in Colour Factory, Fitzroy, VIC and Kuala Lumpur, Malaysia. His exhibition in Kuala Lumpur anchored the Visual Arts segment of the Kuala Lumpur International Arts Festival 2015.

Rob Love is an award winning photographer whose images hang in a major Los Angeles medical centre and private collections on the US east and west Coasts. His photographs have also been acquired by collectors in Melbourne, Sydney and Brisbane. Rob Love creates breathtaking photographs of the natural interplay of water and light. The images are captured by applying slightly extended shutter speeds and without the use of image enhancing software. Rob Love has an affinity to light and its interplay with the natural environment. This attraction has inspired his work since he first pressed a shutter decades ago. For years he explored clouds and his work provided the backdrop for an international publication that was translated into 13 languages. Rob's latest work explores the visual symphony created when sunlight dances with water.
